Respectfully submitted herewith is a copy of a German Patent Office Search Report (3 pages) from the parallel German application 199 62 821.1 of which the present application claims priority, together with copies of its 4 cited references.

In the German Patent Office Search Report all the references are listed in category A meaning these documents define the general background state of the art with respect to the listed claims. In the German Patent Office Search Report the words "Betrifft Anspruch" means concerning claim, "Kategorie" means category, "Ermittelte Druckschriften/Erläuterungen" means transmitted publications/explanations, and "siehe Entgegenhaltungen auf Anlage 1" means see attachment 1. Since this translation now points out in English the relevant portions of the citations listed in the German Patent Office Search Report, no further concise explanation is required under 1138 OG 38. Nevertheless please see Figs. and corresponding text of the references for relevance.

A PTO-1449 form is presented to list all 4 references disclosed in the German Patent Office Search Report.

Translations of these German language references are not available to the undersigned.

This submission meets the requirements of 37 CFR §1.56, 1.97 and 1.98(a) and MPEP 609.

Respectfully submitted

Hans-Jürgen Johann, et al
